SUMMARY

I am a full stack web developer aiming to find an exciting and challenging entry level position. I am highly motivated and driven to do my best, I always try to improve my skills and abilities in order to assist my team and achieve the company's goal.

EDUCATION

2019-2022

Faculty Of Economic Sciences And Business Administration
Lebanese University

BS in Management Information System

Developed a Hotel Management System as my university's final project, employing HTML, CSS, JavaScript, Bootstrap, PHP, AJAX, and MySQL.

EXPERIENCE

Apr 2023 –
Aug 2023

ESA CODING LAB

Full stack web developer

During my participation in ESA Coding Lab, I had the opportunity to collaborate on projects that developed my coding and teamwork skills.

1- Library Management System

- As the team leader, I led the development of a user-friendly front-end interface using HTML, CSS, JavaScript, Bootstrap, and AJAX in 2 months.
- Additionally, I oversaw the back-end development, which involved PHP and MySQL, including integrating Stripe for secure payment processing.

2- Online Cinema Ticket Booking

- Utilized the MERN stack along with JWT, Node Mailer, and the IMDb API to create a smooth user experience in 2 months..
- As the team leader, I was responsible for version control on GitHub, overseeing pull requests and collaboration.
